*A single stop may have multiple results

One of the stops noted above indicated as resulting in contact with Department of Homeland Security (DHS) occurred at the San Francisco International Airport when individuals were released to the Transportation Security Administration (TSA), a subordinate agency of DHS, after contraband was found at a security checkpoint. Three stops noted above were related to traffic moving violations which resulted in citations; and did not involve referrals to DHS. One stop was related to an investigation which resulted in warning; and also did not involve a referral to DHS. These four entries that did not involve referrals to DHS resulted from typographical errors into the SDCS system.

SUSPECTS

SUSPECTS OBSERVED AND REPORTED TO SAN FRANCISCO POLICE DEPARTMENT

Suspect information/description is either provided by a member of the public reported directly to the police or through dispatch, or is observed by a Department member during a self-initiated call for service in which there is reasonable suspicion or probable cause for a crime. The suspect information is documented in a police incident report that is generated from the call for service.

The following table summarizing suspect descriptions gathered from incident reports shows that 47% of the subjects reported to police, directly or through dispatch, or those observed by a member during a self-initiated contact are Black.

Hot Prowl Burglary			2		3

Summary of Incident: Officers were investigating two separate reported incidents, a hot prowl burglary and vehicle tampering, when observing a subject in the immediate area matching descriptions provided by dispatch. Upon making contact, the subject advanced on the two officers, physically attacking one with a glass bottle. During the attempt to detain the individual, who was ignoring officer commands, several uses of force were deployed, including OC spray and the use of a firearm. The subject and one officer sustained injuries during the incident.
