## Women Leaders in Law Enforcement Training Symposium

(Supersedes DN 23-012)

The 2024 Women Leaders in Law Enforcement (WLLE) Training Symposium will be held in Anaheim, CA on September 4-6, 2024. This year's theme, "The Last of the Firsts", focuses on celebrating the progress and advancements made in policing; acknowledges the pioneers and trailblazers who were the first to break barriers in the field; inspires current and future women leaders to continue pushing boundaries and making history; to consider what "firsts" may still be needed to advance policing as a whole.

The purpose of this Training Symposium is to bring together law enforcement professionals in a supportive and empowering environment. WLLE is a unique opportunity to network and connect with women and men to share strategies and exchange ideas. The symposium's goal is to continue to provide dynamic, contemporary training presented by subject matter experts in their fields. It is designed to help develop both professional and sworn members of the law enforcement community.

Members wishing to attend this symposium should submit a memorandum of interest through their chain of command to the Deputy Chief of Administration by May 3, 2024. Upon selection, members will need to register (link below) and complete the required Outside Agency Training Forms.

If selected, members need to register by August 1, 2024.

For more information, go to: <https://www.californiapolicechiefs.org/wlle-registration>

A handwritten signature in blue ink that reads "William Scott".

WILLIAM SCOTT  
Chief of Police
