DOJ Objective: Use of Force

DOJ Recommendation #: 9.3

All notified responders should be required to notify the Department of Emergency management of the time of their arrival. This will create a comprehensive permanent record of the time of notifications and responses of the units to the scene.

Purpose:

All notified responders should be required to notify the Department of Emergency management of the time of their arrival. This will create a comprehensive permanent record of the time of notifications and responses of the units to the scene.

Policy:

SFPD policy requires members to broadcast when they are onscene via police radio (See DGO 1.03). We have recommended that outside responding agencies develop their own internal protocols.

DA's Office: This matter has been discussed with Mr. Tom Shawyer, Captain for the DA Investigator's Office-Independent Investigations Bureau. Lt. Deely has confirmed with Ms. Michelle Geddes at DEM that they will be outfitted with new, interoperable, radios as a part of the \$72M project. In the meantime, if they are not equipped with a radio, they will check-in with a perimeter officer at the scene of an OIS and have them broadcast their arrival (this happened successfully on 1/6/17). We provided Mr. Tom Shawyer with Ms. Michelle Geddes' contact information, so they could follow up on the issue. The discussion took place over the phone.

OCC/OPA: This matter has been discussed with Mr. Erick Baltazar. He will follow the same procedure as the DA's Office (above).

Written Directive: (D.G.O., Dept. Manual, Bureau Orders, Dept. Bulletins, etc.)

- Recommendation 9.3 is included in the process/procedures developed via 9.2
