### **Take Back Trenton Alley!**

**Three sides of a Crime Triangle include: Victim, Suspect and Location.** The last, like the Real Estate Agents Rally Cry: "Location, Location, Location," may be as important as the first two. In addressing a crime problem, we can educate the Victim, change their habits or inform them of a crime trend. In addressing the Suspect, we can arrest, educate them, make it harder for them to offend or make them go elsewhere.

In the next month, we will address a location problem at Trenton Alley, a one block area between Pacific and Jackson, Powell and Stockton. The alley has been rife with graffiti, trash, overgrown trees and broken sidewalk areas. It is not an attractive place for people to enjoy, although the potential for that is huge. The Mayor's Office of Criminal Justice, Neighborhood Services, Safety Network, SAFE, DPW and others will help with transforming the alley into an oasis for area seniors. I will keep you updated and will let you know when you can help pitch in with a planned clean up date.

**Congratulations to Rec and Park Rangers Marcus Santiago and Eugene Shin,** who were awarded and honored by the American Legion Cathay Post #384 Sunday June 26, 2006. Marcus has been a great ally in helping keep our parks safe in the Central District.
