If you're enjoying the holidays with a drink, The San Francisco Police Department has a message for you: Drive Sober or Get Pulled Over. Due to the increase in drunk-driving-related fatalities around the holidays each year, law enforcement agencies across America will be actively searching for and arresting drunk drivers from December 18 to January 3.

As part of the national Drive Sober or Get Pulled Over enforcement campaign period; SFPD along with other local agencies will be deploying DUI Checkpoints and DUI Saturation Patrols during the upcoming 17 day DUI Enforcement Campaign throughout the region. San Francisco Police will be conducting a sobriety checkpoint within the city limits tonight, December 18, 2015, at an undisclosed location between the hours of 7:00PM and 3:00 AM.

There are 10,000 reasons to crackdown: in 2013, nearly 10,000 people were killed in crashes involving a drunk driver. In December 2013 alone there were over 700 people killed in crashes involving at least one driver or motorcycle operator with a blood alcohol concentration (BAC) of .08 or higher. Twenty-three of those deaths occurred on Christmas Day. California witnessed 98 deaths and another 1,852 injured in alcohol involved collisions in December 2013.

Recent statistics reveal that 30 percent of drivers in fatal crashes had one or more drugs in their systems. A study of active drivers showed more tested positive for drugs that may impair driving (14 percent) than did for alcohol (7.3 percent). Of the drugs, marijuana was most prevalent, at 7.4 percent, slightly more than alcohol. Everyone should be mindful that if you're taking medication – whether prescription or over-the-counter – drinking even small amounts of alcohol can greatly intensify the impairment affects.

Law Enforcement emphasizes the preventable nature of drunk driving reminding everyone that all it takes is a little planning ahead. Designate a sober driver or call a cab. But whatever you do, don't drink and drive.

The California Office of Traffic Safety DDVIP (Designated Driver VIP) mobile app is now available for free download on iOS and Android devices. Launched last year, the new DDVIP app offers enhanced features,

allowing users to “Map a Spot” with their current location to find DDVIP partnering establishments in their area or a “List of Spots” to search all participating bars and restaurants throughout California. Users will be offered free incentives at each bar to celebrate their life saving role.

Follow these simple tips to stay safe:

- Plan a safe way to get home before you attend the party. Alcohol impairs judgment, as well as reaction time. If you’re impaired you’re more likely to choose to drive drunk.
- Designate a sober driver; take public transportation, a car service, or a call a sober friend or family member to get home.
- Walking while impaired can be just as dangerous as drunk driving. Designate a sober friend to walk you home.
- Use one of the numerous ride-share companies available in San Francisco
- If you see someone you think is about to drive while impaired, take their keys and help them get home safely.

If you’re caught drinking and driving you could face jail time, fines, loss of driver’s license, towing fees, and other DUI expenses, totaling \$10,000 on average. That’s not a small price, and that doesn’t even count the heftier price you could pay: the price of your life or someone else’s.

In addition to reminding all drivers to drive sober, we encourage the community to be alert and report drunk drivers – Call 911! If you see a dangerous driver call immediately! If someone you know is about to drive after drinking, take their keys and help them get home safely. Together we can make our roads safer this December and year-round.

Remember, driving after drinking should never be an option. Drive Sober or Get Pulled Over.

Funding for this holiday campaign is provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.
