Community Members,
Drive safely as it gets darker.

Daylight saving time ends every year on the first Sunday in November. This means it starts to get darker earlier. Darker roads mean increased chances for vehicle collisions. Increase your distance and reduce speed - slow down. Take an extra second to look out for pedestrians trying to cross when making turns at intersections. Pedestrians should wear lighter color clothing or reflective gears to be more noticeable during the dark hours.

Make sure all the lighting equipment's on your vehicle are in good working order. Change your windshield wipers if they are old or does not clean well. The rain will soon be here too.

- Our next community meeting will be at 6pm on November 19, 2019 at *Minnie & Lovie Ward Rec Center - 650 Capitol Ave.*

- Compared to last year, the numbers year to date to this year are as follows. Currently, we are up 9% in vehicle burglaries. However, we are down 2% in vehicle thefts, 13% in robberies, down 40% in burglaries and 8% in assaults.

- In this issue, you will find information on events that are happening in our district and around the city. This issue also contains the current crime statistics for robberies, burglaries and auto burglaries.

If you are reporting a crime in progress, dial 9-1-1. Also, call 9-1-1 to report fires, medical emergencies or any emergency related to public safety.

To report a non-emergency incident (a crime that has already occurred and the suspects are gone) please call the SFPD non-emergency phone number at 415-553-0123 to have an Officer dispatched to meet with you. You may also go to any SFPD district station to make a report or go to

Holiday Outreach

Help us bring holiday joy to San Francisco families in need.

Toy Giveaway: This holiday season, from November 12th until mid-December 20, 2019, San Francisco police officers will work with Walgreens drugstores to provide toys for children aged 12 and under in low-income families. Police will pick up and deliver donations of new, unwrapped toys that have been dropped off at more than 70 San Francisco Walgreens stores. In past years, generous donors have stepped up to provide the toys for our city's youth, enabling SFPD officers to distribute thousands of gifts during the holiday season.

Philip Randolph Institute (APRI), other city agencies and private sponsors to help families enjoy a Thanksgiving meal. Holiday Travel Plans? Tips to Keep Your Home Safe

This month, the holiday season is officially upon us and that means San Francisco residents will join millions of others across the country in traveling to spend time with family and friends.

But before heading out, SF SAFE hopes you'll check out our tips for helping to protect your home against burglary so that your holiday season may truly be merry. Here are some key steps you can take this holiday season to help keep your home secure while you're out and about:

- **Don't advertise:** Avoid advertising you're leaving on vacation and that your house will be empty. Load your luggage in your garage or at a time when people aren't around.
- **Social media:** Along the same lines of "don't advertise," is don't post on social media about your trip in advance or while it's underway; leave it until after you've returned home.
- **Lock up:** Before you leave on your trip, make sure to lock all of your doors and windows—this includes pet doors and sliding glass doors.
- **Secure your property:** Be sure to turn on your home security system before you go. Place your valuables in a safe or safety deposit box and secure items like patio furniture, tools, etc.
- **Inventory:** Mark your valuables with your CA driver's license number in case identification and recovery is needed. Keep an inventory of them that includes serial numbers and photos.
- **Lights:** Put your house lights, TV and radios on intermittent timers to signify inside activity. Installing motion-sensing lights outdoors also helps deter would-be home burglars.
- **Neighbors:** If your neighbors are staying home, ask them to keep an eye on your house and to park a car in your driveway. Be sure to give them your emergency contact numbers.
- **Mail:** Have your mail/newspaper delivery stopped and arrange for neighbors to pick up any fliers and packages that might be delivered.
- **Drapes & shades:** Be sure your drapes and/or shades are all closed to deter prying eyes.
- **Extra Key:** Don't leave a spare key hidden outside your home—thieves know all the hiding places.

Want an extra tip for protecting your home against burglary? Give SF SAFE a call at 415-553-1984 to set up an appointment for one of our security specialists to visit your home to do a free security assessment.

"On behalf of the entire SF SAFE staff, I'd like to extend our warmest wishes for a happy and safe holiday season. We hope our home security tips are helpful to you as you prepare for any out-of-town travel plans," said SF SAFE Executive Director Kyra Worthy.

SFPD Gives Back during Season of Sharing

The season of sharing has arrived, and along with it, many opportunities for joining together with the San Francisco Police Department (SFPD) to give back to local families in need.

SF SAFE has gathered together a roundup of some of the ways you can assist local officers in helping to make the holiday season brighter for San Francisco's less fortunate.

Turkey Giveaway: During the Thanksgiving season, the SFPD partners with Mayor London Breed's office, the A. Philip Randolph Institute (APRI), various city agencies and generous private sponsors to help families enjoy a Thanksgiving meal. Through this collaboration, this partnership is able to uplift our community and ensure a happier holiday season for the less fortunate among us. Last year, the "Annual Turkey Giveaway" distributed a total of 3,000 turkeys!

Christmas Tree Giveaway: Following Thanksgiving, the SFPD once again teams up with Mayor London Breed's office, the A. Philip Randolph Institute (APRI), numerous city agencies and private sponsors to help provide more than 400 trees to San Francisco families in need. It's one way of making everyone's holiday season brighter, even if they're facing economic hardships. Keep an eye on the SFPD's community calendar to find out the dates, times and locations for these tree giveaways.

Toy Giveaway: Each holiday season, from November until mid-December, the SFPD works together with Walgreens drugstores to provide toys for children age 12 and under from low-income families. As in past years, police officers will pick-up and deliver donations of new, unwrapped toys at more than 60 San Francisco Walgreens stores. Throughout the years of this effort, thousands of generous donors have helped provide the toys for San Francisco's youth in need, resulting in the police distributing more than 7,000 toys! To learn more and/or to donate, keep an eye out for the brightly colored toy drive collection bin at your local Walgreens store in San Francisco. (San Francisco Police Foundation Tax ID#27-4081406).

Yet another way to give back during the season of sharing is to support SF SAFE with a charitable donation. As a 501c3 nonprofit, SF SAFE works with the community to create safer, more vibrant neighborhoods by offering a range of free safety services—such as Neighborhood Watch Groups, home/business security assessments, personal safety presentations, community building events, etc.—to San Francisco residents. Our work is all about empowering communities to create a safer San Francisco! To support our efforts, please click [here](#).

"We welcome the local community to join together with our partners at the SFPD to help support their charitable outreach this holiday season," said SF SAFE Executive Director Kyra Worthy. "Even giving just a little bit can make a significant difference in the lives of our fellow San Franciscans in need."

For more info on how you can help support any of the SFPD's aforementioned season of sharing initiatives with a donation or other assistance, please contact the SFPD's Community Engagement Division at 415.558.5595 or SFPDcommunityRelations@sfgov.org.

Protect Your Vehicle Against Catalytic Converter Theft & Prius Hybrid Battery Theft

Thieves are looking for fuel-powered vehicles manufactured after 1974 that have catalytic converters. Thieves often target taller vehicles (such as pickup trucks or SUVs and now Prius) because they can easily fit under the vehicle to access the catalytic converter. The location of your car may also be a factor like regularly parking in one area for a long period of time. When possible, park in well-lit areas and close to building entrances. If you have a garage at your house, park your vehicle inside and keep the garage door close.

Have the catalytic converter welded to your car's frame, which may make it harder to steal.

Consider engraving your vehicle identification number (VIN) on the catalytic converter — this may help alert a scrap dealer that it was stolen and make it easier to identify the owner.

Calibrate your car's alarm to set off when it detects vibration.

Protect Your Vehicle from Car Theft

- Never leave your car running or the keys in the ignition when you're away from it, even for "just a minute."
- Always roll up the windows and lock the car, even if it's in front of your home.
- Never leave valuables in plain view, even if your car is locked. Put them in the trunk or at least out of sight.
- Remove portable electronic devices such as smart phones and GPS navigation systems, including suction cup or bean bag type mounts. (Even the visible appearance of a suction cup ring on the glass windshield can be an enticement to a thief to break in and look for the GPS system.)
- Park in busy, well-lighted area.
- Carry the registration and insurance card with you. Don't leave personal identification documents or credit cards in your vehicle.
- When you pay to park in a lot or garage, leave just the ignition or valet key with the attendant. Make sure no personal information is attached. Do the same when you take your car for repairs.
- Install a mechanical locking device — commonly called clubs, collars, or j-bars — that lock to the steering wheel, column, or brake to prevent the wheel from being turned more than a few degrees. Use it!
- Investigate in security systems. You may get a discount on your auto insurance.
