Hello Community Members,

I am happy to let everyone know that Taraval Station Investigators with help from our Ocean Ave Beat Officers have made an arrest in a series of vandalism incidents that had been occurring on Ocean Ave as well as in the Chinatown area. I'm sure this is a relief to many Ocean Ave and Chinatown merchants.

The suspect in this case was recognized by Ocean Ave beat Officer Ray Zuroski who was very involved in the investigation and had been reviewing a lot of videos from many businesses that were victimized. Officer Zuroski did an outstanding job of spotting the suspect and safely taking him into custody and then notifying Taraval Station Investigators.

The suspect was subsequently interviewed by Taraval Station Investigators and admitted to many of the acts of vandalism and that many of the crimes were in fact prejudice based.

The case is now with the District Attorney's Office and I'm happy to report the D.A.'s Office has filed charges and this suspect is off the street and we hope the suspect will be held accountable for the crimes committed.

Be safe,

Captain Rainsford

San Francisco Police Arrest Wanted Hate Crime Suspect 21-155

AUGUST 18, 2021 | 12:07 PM

The suspect was wanted in connection with over 30 burglaries and vandalisms citywide.

Beginning in late April of 2021 a series of burglaries and vandalisms began occurring across San Francisco. Many of the incidents occurred in the City's Chinatown neighborhood and Ocean Avenue Corridor. Investigators from the Taraval Neighborhood Team (TNT) led the investigation and determined that the burglaries and vandalism followed a similar pattern and were connected. Investigators disseminated several crime bulletins containing photos of the possible suspect to sworn San Francisco Police officers.

On August 11, 2021, police officers from Taraval Station detained a suspect, later identified as 36-year-old Derik Barreto, in the area of Ocean Avenue and Junipero Serra Boulevard. Officers determined that Barreto matched the description of the suspect wanted in connection with the burglaries and vandalism. Barreto was transported back to Taraval Station. Investigators developed information that linked Barreto to the incidents. Barreto was transported to San Francisco County Jail and booked on four counts of second-degree burglary (459 2nd PC), 27 counts of vandalism (594(b)(1) PC), 31 counts of hate crime enhancement (422.75 PC), 31 counts of being armed in the commission of a felony (12022(b)(1) PC), and four counts of possession of burglary tools (466 PC).

"This arrest exemplifies the teamwork, patience, and investigative tenacity of the Taraval Neighborhood Team, foot beat, and patrol officers," said Taraval Station Captain Nick Rainsford.

While an arrest has been made, this remains an active investigation. Anyone with information is asked to call the SFPD Tip Line at [1-415-575-4444](tel:1-415-575-4444) or Text a Tip to [TIP411](text:TIP411) and begin the text message with SFPD. You may remain anonymous.

San Francisco Police Arrest Wanted Shooting Suspect 21-156

AUGUST 20, 2021 | 10:08 AM

On Sunday, July 11, 2021, at approximately 11:17 p.m., San Francisco Police officers from Mission Station responded to the 700 block of Capp Street for a report of a shooting. Officers arrived on scene and located a 33-year-old male victim suffering from a single gunshot wound. The victim said that he was attempting to park his vehicle when an unknown male suspect approached him and verbally confronted him. The suspect then produced a firearm and shot the victim. The suspect then fled the scene.

Investigators from the Community Violence Reduction Team (CVRT) and Crime Gun Investigations Center (CGIC) developed information that identified the suspect as 28-year-old Samuel Alfaro of San Francisco. On August 18, 2021, investigators located Alfaro on the 1100 block of San Mateo Avenue in South San Francisco. Alfaro was taken into custody without incident. While Alfaro was being taken into custody investigators from the CVRT and CGIC served search warrants on the 2500 block of Anza Street in San Francisco and the 100 block of Chester Street in Daly City. During the search of Alfaro's residence, investigators located a functional AR-15 "ghost gun."

Alfaro was later transported to San Francisco County Jail and booked on charges of attempted murder (664/187 PC), assault with a firearm (245(a)(2) PC), shooting into an occupied vehicle (246 PC), possession of an assault weapon in California (30605(a) PC), carrying a concealed firearm (25400(a)(2) PC), and great bodily injury enhancement (12022.7 PC).

Anyone with information is asked to call the SFPD Tip Line at [1-415-575-4444](tel:1-415-575-4444) or Text a Tip to [TIP411](text:TIP411) and begin the text message with SFPD. You may remain anonymous.

SF SAFE CITY CAMERA PROGRAM

Through the SF SAFE City Camera Program, we address public safety needs and help reduce crime through collaboration.

By partnering with community stakeholders, such as local merchant associations, businesses, and community residents from San Francisco's high trafficked neighborhoods, commercial corridors, and our City government, we identify specific needs, install public safety cameras and create, develop, and implement safety plans with a meaningful community-led and community-driven process.

Through this program, SF SAFE targets high-risk and high-traffic city blocks comprising about 20-30 businesses or residential areas for the installation of high definition security cameras and surveillance technology. Typically, a coverage area of about 18-24 camera views per corridor is provided. Camera installation projects for commercial corridors take about 12 weeks from start to finish and encompass outreach, assessment, mapping and system installation. We work with technology vendors as the technology solutions and data privacy provider for this program, accountable to the most stringent level of self-imposed policy standards.

In addition to the security cameras acting as a visible crime deterrent, the footage is an extraordinary tool in assisting businesses and community members in the investigation of criminal activity if/when any occur. This program levels the playing field, holding all involved accountable, creating an equitable and true evidence chain for investigators and public defenders alike, as an innovative alternative policing tool empowering communities to take ownership over their own public safety needs.

To learn more about the SF SAFE City Camera Program, email sfsafecitycameraprogram@sfsafe.org.

PREVENT GARAGE DOOR BREAK-INS

ANATOMY OF A SAFE GARAGE

Your home is only as safe as its weakest entry point.

Your garage is an important part of your home and securing your garage is one of the most essential steps to securing your entire home. It is always recommended to regularly check and update your home's security system and safety measures.

For more information, please contact SF SAFE at (415) 553-1984 or visit sfsafe.org.

PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

ALWAYS CLOSE YOUR GARAGE DOOR

This may seem obvious, but just drive through any residential neighborhood and you'll likely see a few wide-open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.

INSTALL MOTION-SENSITIVE LIGHTS

Homes and garages with poor exterior lighting become more appealing targets for burglars. Ensure all entry points are well-lit. Constant lighting supplemented by motion sensitive lighting is best.

REINFORCE THE GLASS ON THE GARAGE DOOR

Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.

DON'T LEAVE GARAGE DOOR REMOTE IN YOUR CAR

A garage door remote is basically another key into your home and thieves won't hesitate to use it if they find it. Opt to use a remote on a keychain.

INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK

When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.

TIE EMERGENCY RELEASE CORD

Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.

INSTALL SURVEILLANCE CAMERAS

There should be at least 1 exterior mounted camera facing the street and registered with the D.A.'s office.

SECURE ANY VALUABLES

Keep all tools in cabinet systems with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.

HAVE A QUALITY, FUNCTIONING GARAGE DOOR

Garage doors should be as secure, sturdy, and well-built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.

INSTALL INTERIOR MAIL SLOT HOOD COVER

If the garage door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

For additional information, please contact SF SAFE at (415) 553-1984 or visit sfsafe.org

With the Covid-19 restrictions lifting in phases and many of us are starting to venture out again, here are some Package Theft Prevention Guide from SFSafe to help prevent your packages from being stolen.

PACKAGE THEFT PREVENTION GUIDE

WON'T BE HOME?

Use the "Hold Package" option at USPS.com to have packages held at location post office for pick up. You can also arrange for neighborhoods to pick up any packages that might be delivered.

USE SPECIAL SERVICES

Use USPS special services like *Signature Confirmation* or *Registered Mail* to add a layer of security.

REQUEST NONDESCRIPT PACKAGING

When completing your online order, opt for packaging that conceals the item or select the 'gift' option to ensure package arrives in a plain box especially when ordering from a high-end store.

NETWORK WITH NEIGHBORS

Neighborhood groups on social media or community apps can provide a system for reporting suspicious activity. This is also a good way to keep your deliveries and neighborhood secure.

PORCH AREA VISIBILITY

Keep the porch area clear and visible. The more likely a would-be thief is to be seen, the more likely they are to choose another target.

CUSTOMIZE DELIVERIES

Customize deliveries by adding specific delivery instructions using USPS.com and your tracking number. You can also schedule packages to arrive when you are home or reroute packages.

DELIVER TO SECURE LOCATIONS

Send packages to secure locations such as Amazon Lockers, FedEx and UPS locations, P.O. Boxes, and local post office.

USE MODERN ALTERNATIVES

Take advantage of contemporary options like smart lockers, lockboxes, cameras, motion detection lighting, alarms like Package Guard, and services like Doorman.
